The **Serenity Hope Home** was established in 2018 by Mike and Lisa in Honor of their son, USMC CH-53E Crew Chief, Sgt. Dillon Semolina to provide family members of the fallen with a positive, peaceful, and enriching environment. It is a place of hope, love, and rejuvenation. It is a place where all those who stay will know that to forget their hero & sacrifice is just NOT an option.

The **Serenity Hope Home** welcomes families of the fallen for a complementary stay (including airfare & rental car). The family visits are planned and customized based on the needs and wants of the individual families. We believe that families should be free to rejuvenate, have fun, have access to activities, or quite simply, do nothing at all.

The way you spend your time is up to you. Just let us know your goals for your visit and we'll take care of the rest.

No matter where you are in your journey, we invite you to come on out for a visit. Contact us today for more information or pass this along to someone you know!

Testimonials: "We have no words to express how grateful we are to you for opening your home to us. The days we spent with you both helped heal and calm our broken hearts. Your beautiful home gave us a place to find tranquility and hope as we try to continue on our life's journey. We know we will never forget your kindness and know we'll always be friends who share a special bond".

The Lennon family - Fall 2018
